

Dr. Sokos Efthimios

Associate Professor, Department of Geology, University of Patras

Address: Agamemnonos 21, 26332, Patras

Tel: (home) 2610-334503, (Office.) 2610-969369, 990638 **Fax:** 2610-990639

Email: esokos@upatras.gr **Web Page:** <http://seismo.geology.upatras.gr/esokos/>

Orcid ID : orcid.org/0000-0002-7742-7251,

ResearchGate : https://www.researchgate.net/profile/Efthimios_Sokos

Education

1992: Bachelor's Degree, University of Patras, Department of Geology,

1998: PhD, University of Patras, Department of Geology

2000 –2001: Post Doctoral fellowship, Greek State Scholarship Foundation

Employment

2002/12 – 2005/08 Researcher, National Observatory of Athens, Institute of Geodynamics

2005/09 – 2010/02 Lecturer, University of Patras, Geology Department

2010/02 – 2015/11 Assistant Professor, University of Patras, Geology Department

2015/11 – Associate Professor, University of Patras, Geology Department

Teaching

Undergraduate level lectures

2005 - 2015 «Seismology» and «Engineering Seismology».

2006 - 2015 «Introduction to computer science (computer applications in geology)».

2014 – 2015 «Geophysics»

2014 – 2015 «Engineering Geophysics»

Postgraduate level lectures

2005 - 2015 «Advanced Seismology Subjects», «Applied Geophysics»

Diploma Thesis

I have supervised five diploma thesis as a lecturer, three as an assistant professor (two of them for students from the Department of Computer Engineering and Informatics). I am currently supervising five diploma thesis.

Master thesis

I have supervised ten Master thesis, two from the Department of Computer Engineering and Informatics.

PhD Thesis

Two PhD Thesis has been completed under my supervision. I am currently supervising two PhD students.

Research Interests

Seismic source studies, seismic hazard, strong ground motion synthesis, microseismic networks.

Research Projects

I have contributed to many research projects of the Seismology Laboratory of the University of Patras (e.g. 3F, REAKT, QUICKER, HUSN, HELPOS). I was scientific coordinator for the REAKT project for the Seismology Laboratory and I was coordinator for a "KARATHEODORY" project related to automatic processing of seismic signals. I am scientific coordinator for the HELPOS project, for the Seismology Laboratory

Other Activities

- Responsible for the operation of the seismic network PSLNET
 - I am scientific responsible of project “Egelados” for installation of seismographs at schools, under this project I am giving talks to high schools about seismology
 - Together with Prof. Jiri Zahradník I have developed the moment tensor inversion code ISOLA. The code has almost 150 registered users and it is used by various institutes worldwide (<http://seismo.geology.upatras.gr/isola/>).
 - I was instructor at four seminars for the use of ISOLA (Costa Rica, Bogota, Brazilia, Istanbul).
 - I spent one month in École Normale Supérieure ENS, Paris as visiting Professor (June 2012).
-

Publications – Citations

According to SCOPUS there are 66 cited documents and 672 citations of my work (without self-citations) and h-index is 14, (Google scholar web page: <https://scholar.google.gr/citations?user=FiYTHngAAAAJ&hl=el>).

Publications - International Journals (last five years)
